For the constituency of West Ham

Newham local by-election and UK General Election on May 7th 2015

Vote for an MP who will make a difference!

Since our first MP was elected in Brighton, and our two London Assembly members were elected in 2000, the Green Party have been achieving great things. Our campaigns and policies really make a difference to people's lives.

On 7th May, we have a chance to elect Newham's first Green MP and a Green councillor to the constituency of West Ham.

Newham is a 'one-party state'. Labour control the Council and the Council's actions are not challenged by our two Labour MPs. We urgently need an opposition voice. We deserve an elected Green voice that can hold Newham's Labour Party to account.

WEST HAM

If people in West Ham vote for what they believe in, Greens can win here!

Rachel Collinson lives in Stratford with her husband. She runs a small business helping charities to campaign and fundraise.

Rachel says: "There is no new low-cost affordable housing in Newham, yet we have hundreds of properties standing empty. The Green Party has done the sums and come up with a plan that will bring empty buildings back into use, bring rent down to affordable levels, and allow people to keep their homes."

"I want to make that happen for the people of East London."
